PRECAUTIONARY BOIL WATER NOTICE

To: Everglades City Water Users
PWS ID # 511-0089

Due to a **water main break**, the water had to be shut down for repairs. Upon the completion of the repairs and the return of water service, *as a precaution* until tests can be completed, we are recommending that all water used for drinking, cooking, making ice, washing dishes, or brushing teeth be boiled. A rolling boil of at least one minute prior to consuming is sufficient. As an alternative, **BOTTLED WATER MAY BE USED**. The water is safe for non-consumptive uses.

This "Precautionary Boil Water Notice" will remain in effect until a bacteriological survey shows that the water is safe to drink, at which point the boil water notice will be rescinded.

If you have any questions, please contact U.S. Water Services at (727) 848-8292.
